**COMPANIES SAVE EVEN MORE TIME AND MONEY
THROUGH ENHANCEMENT TO *RAPIDGate* PROGRAM**

Multi-facility access delivers proven benefits across multiple installations at lower prices.

Portland, Ore. – September 10, 2007 – Companies serving secure installations across the United States will enjoy faster return-on-investment (ROI) and lower overhead thanks to the newest enhancement to the *RAPIDGate*[®] Program from Eid Passport[®], Inc. Called Multi-Facility Access, the enhancement makes it possible for a company's employees to use a single badge to prove their identity and access authorization at multiple installations. Moreover, Multi-Facility Access delivers all the benefits of the *RAPIDGate* Program at lower price points for multiple installations.

“The *RAPIDGate* Program has always provided a solid return-on-investment (ROI) for our customers,” explained Steve Larson, Chairman and CEO of Eid Passport. “With Multi-Facility Access, our customers accelerate ROI, make access easier for employees, and serve more customers more efficiently.”

Once a company has successfully enrolled at one *RAPIDGate* installation, it may enroll at other *RAPIDGate* installations simply by calling the *RAPIDGate* Program at 1-877-*RAPIDGate* (1-877-727-4342). Similarly, once an employee has successfully registered for the program at one installation, the company can request that the employee receive access authorization at other installations. Following the approval process, one account and one badge may serve multiple installations, with lower overhead for companies and simpler access procedures for employees.

Best of all, the cost for each additional installation – \$49 for company enrollment, \$29 for employee registration – is a fraction of the price for the initial enrollment and registration, so companies get faster and greater ROI.

Having completed a pilot phase, Multi-Facility Access is now generally available at many military installations, including Camp Pendleton, Fort Bragg, Fort Carson, and Fort Sam Houston. For information on other participating installations, companies can call 1-877-*RAPIDGate* (1-877-727-4342).

About Eid Passport

Eid Passport (www.eidpassport.com) integrates leading-edge products and services into solutions that combine identity authentication, background screening, and access management to make facilities, assets, and people safer and more secure. Using Eid Passport's patented programs (U.S. Patent No. 6,779,721), highly secure facilities — such as military installations, government buildings, manufacturing and distribution sites, ports, and commercial buildings — can increase security and streamline access for authorized personnel. Eid's flagship *RAPIDGate* Program (www.RAPIDGate.com) already serves thousands of companies and tens of thousands of *RAPIDGate* Badgeholders who enjoy streamlined access into Department of Defense and Department of Homeland Security facilities.
